AMAZING WATER VIEWS

This property is stunning, it's like walking into a display home. It's modern, light filled and refreshing. The north facing living areas lead to a large deck which capture the 180 degree panoramic view of the lakes and beyond. The kitchen is an entertainer's dream and no expense has been spared on state of the art appliances including soft close doors, designer sink, upgrade cabinetry, window splashback with large shutters and a huge Caesarstone island bench perfect for entertaining. Stay warm and cosy while sitting by the wood fire or cool down in summer using the air conditioner. The home tastefully finished with a timber look floor which is eye catching and easy to maintain. The master suite boasts a huge walk in robe and ensuite with a bath that is perfect for relaxing while you look over the water. The home is well zoned with 3 other spacious bedrooms and a second living, perfect if you are wanting a separate area for children or guests. There is a separate gym room on the property and yes, you can see the water view from there too. This home is a winner with so many inclusions.
